A WARNING!

We do not guarantee any Wilt Resistant Cotton Seed. All Wilt Cottons will die some on bad rootknot infested lands. Our Wilt Resistant Strains are as good as can be had.

NOTE:

1. ★★ Means New Strain (in case of Pedigreed Seed) or First Year from Breeders (in case of Selected Seed).
2. All seed treated with Ceresan.
3. Our S E L E C T E D SEED are first and second year from breeders. They are grown under our supervision and handled by us. We guarantee them as to purity and germination.
4. All prices based on seed 80% or above in germination. If lower test seed are offered—price will be adjusted.
5. Prices subject to change without notice.

DELINTED SEED

Every year more planters recognize the value of MACHINE DELINTED COTTONSEED. They plant better. They come up quicker and grow off faster, insuring better stands, and therefore higher yields.

They are DOUBLE RECLEANED and all light seed are removed.

In the delinting process we take off two lbs. lint per bushel and give 28 lbs. of delinted seed for a bushel, or 93 lbs. of seed for 3-1/3 bushels.

We are prepared to serve these Delinted Seed at an EXTRA COST of 50 cents per bag or \$10.00 per ton, if your order for delinted seed is received in time for us to have this work done. We feel that the extra cleaning these delinted seed get is worth the difference in price charged for them.
